Strengthen American Manufacturing

Mag Instrument is proud to be a leader in the current renaissance in American manufacturing. Our founder and president, Anthony Maglica, is a fervent believer in the importance of manufacturing in the United States. He insists that the manufacture of Mag Instrument's flashlights remain U.S.-based. He has dedicated himself to proving that American products can excel in the global marketplace by using technology to continuously improve quality and reduce costs. Over the last three decades, Mr. Maglica's innovations have enabled Mag Instrument to offer consumers a consistently better value than the competition.

Although the company is vertically integrated to a high degree, not every part, component or accessory can be made in-house. In such cases we try hard to source the item from a domestic vendor; but it is one of the realities of globalization that certain parts and accessories have to be imported. Nevertheless, every Mag flashlight is designed, engineered, built in and shipped from our American factory by our American workers.

As such, Mag Instrument is the only flashlight company with significant market share that still manufactures its entire line of flashlights in the United States. Unlike its competitors, Mag Instrument has chosen not to outsource the manufacturing of its flashlights to foreign countries in order to take advantage of cheap labor and less stringent environmental standards. If Mag Instrument had chosen the path of other flashlight companies, the jobs of its hundreds of manufacturing employees in Ontario, California, would have been lost – with corresponding job losses at other American companies that supply our American factory.

Maglite® flashlights make "brilliant" corporate gifts. In fact, thousands of organizations all over the world have discovered that when you consider our reputation for quality and design, combined with our high perceived value, Maglite® flashlights will deliver your desired results.

Our customizing capabilities allow your company name, logo, or message to become a permanent addition to any Maglite® flashlight. Your artwork can be duplicated precisely with our fully computerized laser engraving process.

TURN YOUR LIGHT ON AMERICA®

Our new slogan – Turn Your Light On America® -- expresses faith in our country and its people. America is still the greatest country in the world and Americans are still the most caring, resilient, resourceful, talented, innovative and entrepreneurial people on Earth. But in dark times we can tend to lose sight of that. So it's time to remind ourselves who we are, what we have, and what we can achieve. Let's turn on our lights -- and let them shine on America.

37 Years and Counting

Everyone has their own reason for choosing a Maglite® flashlight. Maybe your dad kept one in the truck, or you know someone who carried one on the force. It could be that you're looking for the latest LED technology, or you want the dependability that can only come from an American Made product.

Whatever reason you have for choosing a Maglite® flashlight, you'll be glad you did.

Made in America since 1979, MagLite® flashlights are carried by thousands of law enforcement officers, emergency responders, military service men and women and ordinary people around the world. Every one of them has their own MagStory.

Now, it's time to write yours. Let's get started by finding the perfect Maglite® flashlight.

MAGLITE®
FLASHLIGHTS

MAGLITEPROMO.COM

"A Keychain-Size Flashlight with Big-Light Power"

MAG-LITE® SOLITAIRE® LED

Our MAG-LITE® SOLITAIRE® LED flashlight features the classic look of our original Solitaire® flashlight introduced in 1988. And it works in the same simple way – just twist the head to turn on, turn off and focus spot to flood.

But thanks to a new, state-of-the-art LED light engine, you get something you just wouldn't expect to see coming out of a flashlight so small: A blast of power that can light up an object at the far end of the parking lot.

Maglite® Solitaire® LED 1-Cell AAA

Includes: Laser engraving one location, Gift box, Flashlight, one AAA premium alkaline battery, keylead

- Imprint Colors - Laser engraving appears as silver
- Imprint Area - Barrel: 5/16" x 1 3/8"
- Overall Length: 3 3/16" • Barrel Diameter: 1/2"
- Head Diameter: 1/2" • Weight with battery: 0.8 oz.
- Shipping Weight - Approx. 4 lbs. per 24 pieces
- Packaging - Presentation Box

Minimum 24 pcs. \$14.95 (D) - PINK \$15.39 (D) Setup Charge - \$62.50 (G)

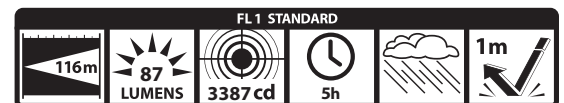

"Small, Simple, but Scorchingly Bright"

MINI MAGLITE® AAA LED

The heir to the original Mini Maglite® 2 AAA flashlight launched 25 years ago, this newest member of the family features the same classic look and size and the same simple operation – just twist the head to turn it on, turn it off and focus the beam.

Minimum 24 pcs. \$18.20 (D) - PINK \$18.89 (D) Setup Charge - \$62.50 (G)

Mini Maglite® LED 2-Cell AAA

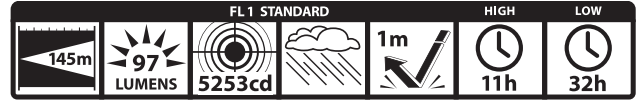

Includes: Laser engraving one location, Gift box, Flashlight, two AAA premium alkaline batteries, Pocket clip

- Imprint Colors - Laser engraving appears as silver

**PLAIN
BEZEL**

Designed with extensive input from police tactical users and yet suitable also for civilian use, this plain-bezel version of the MAG-TAC® LED flashlight comes with a detachable pocket clip and features three modes: Two power levels (Full Power for extreme brightness and Power Save for prolonged battery life) plus a Momentary mode (in which the light stays on only while the switch button is being pressed) – all selectable through Mag Instrument's tailcap-switch-activated "Quick-Click™" mode selector.

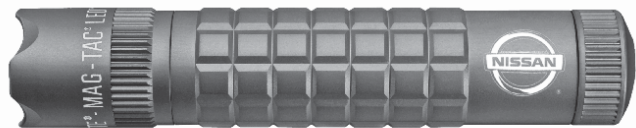

**CROWNED
BEZEL**

Designed with extensive input from military tactical consultants, and yet suitable also for civilian use, this crowned-bezel version of the MAG-TAC® LED flashlight comes with a detachable pocket clip and features three modes: Momentary (in which the light stays on only while the switch button is being pressed); Full Power for a dazzling, 320-lumen beam that can light up an object two football fields away; and Strobe for a high-energy 12 Hz strobe that can disorient an opponent. All functions are selectable through Mag Instrument's tailcap-switch-activated "Quick-Click™" mode selector.

MAGLITEPROMO.COM

GENERAL INFORMATION

ORDER REQUIREMENTS:

E-mail orders to orders@magmail.com. All orders must include PO# and Company Name within the subject line.

BLANK GOODS:

Items must meet minimum and be ordered in case pack quantities.

ARTWORK REQUIREMENTS:

Email art to artwork@magmail.com. All artwork must include PO# and Company Name within the subject line. Artwork should be submitted within 24 hours of sending the PO.

ELECTRONIC ARTWORK:

Artwork will be accepted digitally from the following programs:

- Adobe Illustrator (all fonts converted to outlines)—preferred format
- Photoshop (black-and-white .tiff, .jpeg files scanned or created at 1200 DPI (high resolution) and approximately the actual size of the imprint area)
- Freehand (saved as an Illustrator .ai format, Mac or PC)

VECTOR ART:

We recommend using vector art because it produces the highest quality artwork. It is "resolution independent" which means it can be enlarged without affecting the quality of your imprint.

TYPESETTING:

\$15.00 (g) for straight type, \$25.00 (G) for curved type or font matching. Normal setup charges apply.

IMPRINT SIZE:

Artwork is sized to the maximum imprint area, unless otherwise requested. Due to the orientation of some logos, artwork may be resized and smaller than the imprint area.

ARTWORK MODIFICATIONS:

After the initial proofs are provided each additional edit request by the customer will incur a charge of \$10.00 (G) plus an additional email proof charge if requested.

PAPER OR ELECTRONIC PROOFS:

Available at no charge. Paper proofs will be faxed or Electronic proofs will be emailed unless otherwise noted on purchase order. PRODUCTION BEGINS AFTER RECEIPT OF WRITTEN PROOF APPROVAL. NO CREDIT WILL BE ISSUED FOR ANY ART ERRORS AFTER APPROVAL. Virtual proofs: Also available at no charge.

DISCLAIMER:

Maglite cannot guarantee the exact color or shade of the finished product between orders. Colors can slightly vary between production runs.

RETURNED MERCHANDISE:

Factory authorization number must be obtained prior to return of merchandise or the receiving department cannot accept the shipment. Blank returned goods are subject to a 20% restocking charge with a prior authorization. Shipping charges on all returns must be prepaid, unless goods are defective or the cause of the return is Mag related.

PAYMENT TERMS:

Net 30 days with credit approval. We accept Visa, MasterCard and AMEX. All credit card payments will be charged a 3% transaction fee. The 3% credit card fee will be waived for any single order over \$5000.00. Invoices paid by credit card that are more than 30 days past due will be charged a 2% late fee. Payments must be made in US dollars only.

NEW ACCOUNTS:

Must prepay the first order and establish credit before we can sell on open account. New customer's production time will be 7 days for the first order.

PRODUCTION TIME:

Standard production time is 5 days after paper proof approval. New customers must allow 2 additional days.

SAMPLES:

All samples will be billed at EQP plus freight.

SET UP CHARGES:

\$62.50 (G) per location per logo. Repeat orders will not be charged a setup. All repeat orders must be submitted with the original purchase order referenced.

ADDITIONAL LOCATION ENGRAVING:

AA, AAA and XL - Second location engraving add \$0.45 (G) Plus set-up
C & D cell models - Second location engraving add \$0.65 (G) Plus set-up
Mag Charger, LX and MAG-TAC - Second location engraving add \$1.25 (G) Plus set-up
Camo, AA, AAA & XL - Second location engraving add \$1.30 (G) Plus set-up
Camo, C & D cell models - Second location engraving add \$1.90 (G) Plus set-up

BATTERIES:

D Cell - \$1.45 (G), C Cell - \$1.15 (G), AA - \$0.65 (G), AAA - \$0.60 (G)
Battery Insertion fee for an additional \$0.25 (G) per battery.

SPEC SAMPLES:

Spec sample charge is \$50.00 (G) plus the actual cost of the item and freight. Purchase orders are required.

CHANGES TO AN ORDER:

Any changes made to an order after it's received at the factory must be confirmed in writing by email. Changes may delay the shipments and additional charges may apply.

SHIPPING:

1. Customer is responsible for freight, Insurance, & handling charges based on estimated shipment weight and UPS Ground is the default carrier. Mag Instrument will ship any single order over \$5000.00 prepaid, which will cover freight and insurance.
2. All orders are FOB Ontario, California. Title to goods passes to Distributor upon delivery thereof by Mag to the carrier or delivery service. Thereupon, the purchaser assumes fully the risk of loss.
3. Claims against Mag for shortages must be received (in writing) by Mag within ten (10) days after arrival of the shipment at issue. Otherwise, Distributor waives and releases its shortage claim against seller in its entirety.

DROP SHIPMENTS:

Orders shipped to more than one location are subject to a charge of \$10 (G) for each additional location.

CANCELATIONS/CORRECTIONS:

Factory has the authority to invoice for any incurred cost at the time of cancelation and/or correction.

Custom colors and custom presentation boxes available upon request, subject to minimum quantities and additional cost.
